No alcohol is added in the process, however during the process, natural fermentation occurs and the end product contains a small amount of alcohol. Unfortunately we don't offer an alcohol-free soy sauce. Our chicken is halal, from Farmer Joe's, wagyu beef is halal from Havericks Meat, and duck from Andrews Meat is halal certified.

Unfortunately we cannot guarantee that our kitchen is halal. We deal with hundreds of ingredients and cannot guarantee that cross-contamination does not occur with non-halal ingredients.
